

Join Us Saturday, November 11 at ReachArts!

Made By 01907

Saturday, November 11, 2023 10 AM - 4 PM

Made By 01907 is a celebration of all things handmade by artisans that have a unique connection - they all reside in the Swampscott 01907 zip code. Now in its 5th year, this event gives artists a place to show their talents and connect with each other while giving the public an insight on the wealth and variety of quality items produced by truly local artisans, some long standing favorites as well as new faces and creations. It is a perfect opportunity to treat yourself to something unique while supporting and appreciating the value of all things handmade.

We are happy to present an impressive lineup of 19 artisans as well as the continued presence of "My Brothers Table" with their wonderful collection of items and cookbook.

A silent auction and raffle will take place in support of ReachArts.

In honor of Veteran's Day, the [Wounded Warrior Project](#) will have a donation box for your contributions to our injured warriors, caregivers and families.
